

SARA PINTO

SUMMARY

I am a biologist with a degree from Aveiro University, experienced in biodiversity data analysis. Having completed the first year of Geographic Information Systems Master with a specialization on geospatial data science from Nova University of Lisbon, I am now seeking opportunities in this field while engaged in my second-year thesis.

TOOLBOX

- QGIS
- ArcGIS Pro
- Excel
- Knime

Currently Learning

- SQL (PostGIS)
- Python

Languages:

- Portuguese (native language)
- English (IELTS C1)
- Spanish (independent user)
- French (basic user)
